If you pay UK tax it helps us enormously if you fill in a Gift Aid Declaration, and it costs you nothing. Gift Aid allows the UKAHT to reclaim the income tax you have already paid on any donations you make. This means the UKAHT receives an extra £25 for every £100 you give. If you pay a higher rate of tax, your tax bill will be reduced by the difference between that and the basic rate of tax, therefore saving you money. The scheme applies whether donations are one-off or regular (including membership), and whether made by cash, cheque, standing order or any other means including foreign currency.

As a US Tax payer, you can get a tax break

If you pay US tax and your donation is over \$250 you can get a tax break by channelling your donation through an organisation called the American Fund for Charities. Please download the form from our website and send it with a cheque payable to *The American Fund for Charities* to the address at the bottom of the form. The American Fund for Charities will send you the receipt you require for your tax return. The AMF takes 10% of donations between \$250 and \$9,750 and 5% of anything above this. (It discourages any donation below \$250 by making a flat \$50 charge and not providing a receipt required for your tax return.)

A further way to donate to the Trust is via **Payroll Giving**.

This is a system of regular giving, but takes places directly through your salary. Your employer manages it so you don't worry about setting up a direct debit or writing a cheque each year. The agreed deductions are done before you pay tax, which means that you get tax relief included in your donation at your top rate of tax. Your employer then pays these donations to a Payroll Giving agency which distributes the money to the charity of your choice. Please contact your employer for the details.
